

Stop trying to fix me
I am twisted and cruel as I want to be
Some call it mad, some call it lunacy
I call it karma for what somebody else did to me

Do my own dirty work, I don't need no help
If you want something done right you gotta do it yourself I show
no mercy, my heart is nothing pure
I took his life and killed it twice just to make sure

I put the manic in maniac, I'm a smooth talking jaw dropping
psychopath With looks that kill, they'll stab you in the back and
drag you down to hell I put the main in maniac as silent and
deadly as a heart attack
Look my way there's no looking back

and once I'm finished you'll be begging for the devil herself

Fools always out for blood,
try to take my throne and kick me in the mud
Yeah they can have it if they can go through the pain I rain fire
from the heavens while they shout my name I've got a hunger and
it doesn't stop,
watch them burn to pieces with what they lost
They used to laugh at me but now I wear the crown so guess
who's laughing now

I put the manic in maniac, I'm a smooth talking jaw dropping
psychopath With looks that kill, they'll stab you in the back and
drag you down to hell I put the main in maniac as silent and
deadly as a heart attack
Look my way there's no looking back

and once I'm finished you'll be begging for the devil herself
